DESCRIPTIONS OF LIMITATIONS AS TO AMOUNT, DURATION AND SCOPE OF MEDICAL CARE AND SERVICES PROVIDED**Telehealth Service**

- 1) Telehealth service is defined as the practice of health care delivery by a provider to a beneficiary who is under the care of a provider at a different geographical location.
- 2) The Division of Medicaid covers medically necessary health services to eligible Medicaid beneficiaries as specified in the State Plan. If a service is not covered in an in-person setting, it is not covered if provided through telehealth.
- 3) Telehealth service must be delivered in a real-time communication method that is Health Insurance Portability and Accountability Act (HIPAA) compliant and is:
 - a. Live;
 - b. Interactive; and
 - c. Audiovisual.
- 4) The originating or spoke site is defined as the physical location of the beneficiary at the time the telehealth service is provided via telecommunications system. Telehealth services are covered in the following originating sites:
 - a. Office of a physician or practitioner;
 - b. Outpatient Hospital (including a Critical Access Hospital (CAH));
 - c. Rural Health Clinic (RHC);
 - d. Federally Qualified Health Center (FQHC);

- 6) Telehealth services must be delivered by a participating Medicaid provider acting within their scope-of-practice at both the originating and distant site.

- 7) The following are not considered telehealth services and are not covered:
 - a. Telephone conversations;
 - b. Chart reviews;
 - c. Electronic mail messages;
 - d. Facsimile transmission;
 - e. Internet services for online medical evaluations; or
 - f. The installation or maintenance of any telecommunication devices or systems.

METHODS AND STANDARDS FOR ESTABLISHING PAYMENT RATES –OTHER TYPES OF CARE

Telehealth Services

Payment for telehealth services is made as follows:

The originating or spoke site provider is paid a Mississippi Medicaid telehealth originating site facility fee per completed transmission except for when the originating site is an inpatient hospital or the beneficiary's home. The inpatient hospital originating site fee is included in the All Patient Refined Diagnosis Related Group (APR-DRG) payment. There is no originating site fee paid when the originating site is the beneficiary's home. The originating site provider may not bill for an encounter or Evaluation and Management (E&M) visit unless a separately identifiable service is performed.

The distant or hub site provider is paid the current applicable Mississippi Medicaid fee for the telehealth service provided.

Providers delivering simultaneous distant and originating site services to a beneficiary are reimbursed

1. The current applicable Mississippi Medicaid fee-for-service rate for the medical service(s) provided, and
2. Either the originating or distant site facility fees, not both, except for RHC, FQHC and CMHC when such services are appropriately provided by the same organization.

The Mississippi Medicaid telehealth originating site facility fee was calculated by an actuarial firm using the May 2013 Bureau of Labor Statistics (BLS) mean wage for Nurse Practitioners in MS adjusted by 35% for benefits and 2% for wage growth at half of the rate for 30 minute increments. The Mississippi Medicaid telehealth originating site facility fee is effective July 1, 2020 based on the annual percentage change in the Medicare physician fee schedule for Level III Established Patient E&M code effective on January 1, 2020.

Except as otherwise noted in the plan, state-developed fee schedule rates are the same for both governmental and private providers of telehealth services. All rates are published on the Division of Medicaid's website at <http://www.medicaid.ms.gov/providers/fee-schedules-and-rates/>.
